## I. BACKGROUND

- 1.1. Each year the Council prepares its budget for the following year. The Council's funding will not be determined until the new year so this draft is very much an early indication and subject to change.

## 2. MAIN POINTS

- 2.1. In the MTFS presented to Council last year, the estimated budget gap in 2021/22 was circa £3m. This included an unidentified savings target of £1m which still left a shortfall of £2m to be funded from general reserves.
- 2.2. The expectation was that business rates would be reset by Central Govt which would reduce WODC's income by £2m and New Homes Bonus would also reduce by £1m so while there was a small expectation of growth in items like Leisure Income, these two funding reductions essentially generated the £3m shortfall.
- 2.3. This £3m shortfall was our forecast position pre Covid and unfortunately the pandemic has had a huge impact on our income and investments.
- 2.4. On a positive note, it now looks like the expected rates reset will be deferred for at least another year but while this is the generally accepted belief across Local Govt, we await confirmation from Central Govt that this is the case. This means that the current reforecast MTFS could still have its funding reduced by up to £2m.
- 2.5. The impact of the current social distancing on our income has called into question projected Leisure income of almost £1.5m as our Leisure Contractor GLL do their best to bring the business back to a break even position, having suffered not one, but two lockdowns this year.
- 2.6. Commercial income has also been impacted with a current projected reduction of £350k next year. While the Authority is doing everything it can to help our local businesses survive, it won't be clear until the furlough scheme ends what the final toll on our local economy is, so while things hopefully improve, this expected income figure also carries a large amount of risk.
- 2.7. The tax base calculation has been initially drafted but the Council Tax figure included in the table below assumes a band D increase of £5 which has yet to be discussed and agreed.
- 2.8. The current draft budget shows a deficit of just over £2m as per the table below:

### 21/22 budget funding position - first draft

20/21 budget surplus 1,395

#### Movement in budget:

Inflationary increase in staffing costs	(233,712)
Income generation and expenditure cuts	588,369
Expected Covid related income losses	(1,824,379)
Change in one off growth/ funding	<u>988,902</u>

Budget deficit before funding changes (480,820)

#### Changes in funding (estimated and subject to change):

Potential change in Council Tax (TBD)	294,886
---------------------------------------	---------

Reduction in Business Rates income (904,262)

Other funding reductions (RSG, NHB etc) (1,051,727)

Changes in funding (1,661,103)

21/22 draft budget deficit **(2,140,528)**

### **3. FINANCIAL IMPLICATIONS**

- 3.1. Clearly the current projected budget deficit is unwelcome. It should however be apparent that most of that shortfall is being driven by the reduction in income caused by Covid which can be seen on the line detailing Covid related income losses of £1.8m. While the forecast budget places no expectation of income from the Leisure provider, it does not currently allow for the continuation of the financial support the Council has been providing in 2020/21.
- 3.2. The current draft of the budget allows for a 2% pay award across Publica staff, net of savings targets that Publica have been set. It does not allow for fixed term contracts where funding has ended to be incorporated into base budget or for any growth of additional posts.
- 3.3. Small amounts of additional income have been added to the Business Managers' targets but part of this uplift is the contractual increase in Leisure income which we are unlikely to realise in the short to medium term.
- 3.4. It should be recognised that the Publica Business Managers have risen to the challenge and made savings wherever possible, resulting in a £324k reduction in budgeted expenditure. They have been very engaged in the budget setting process and should be commended for doing everything they can to reduce the Council's budget shortfall.
- 3.5. The Ubico 21/22 budget is still being discussed. In the current draft it has been held at 20/21 levels, but while they initially requested a small increase in budget, they have been asked to review and find savings to help our position.
- 3.6. As referenced before, the funding figures are very much subject to change and include a projected £5 band D increase in Council tax.
- 3.7. While we are hopeful that the rates reset has been deferred another year, we are still projecting a large decrease in income from Business Rates. There is a deficit which we are allowed to spread over three years but since we are expecting a further very large reduction next year there seems little point in deferring losses into a year where we face even larger financial challenges.
- 3.8. Other funding is still to be communicated by Central Govt and could move either in our favour or to our detriment. These losses were expected and forecast in last year's MTFS.
- 3.9. The projected shortfall does not include any new funding for the ongoing Covid situation from Central Govt / MHCLG. In the current financial year this support has covered our losses so we are hopeful that there may be some measure of support next year although it's unlikely to cover the full deficit and none has, at this stage, been offered or even referenced.
- 3.10. We are currently forecasting a budget surplus for 20/21 based on this year's additional Govt support so would look to set any surplus created this year aside to help mitigate next year's projected losses.
- 3.11. The Council should recognise three very important decisions that it has taken recently.

- WODC set aside funding for Covid recovery from its 19/20 outturn which has allowed it, in this time of financial constraints, to fund vital recovery work supported by members to aid our residents and local business community.
- The Council has formally adopted an important investment strategy meaning that all future projects must contribute positively to the long term financial stability of the Council as well as serving Council priorities.
- The members have recognised that the Council faces a difficult financial situation and have strategically reviewed all recent proposed expenditure in that context, taking part in budget discussions and critically evaluating the necessity of projects in order to prioritise focus, staff resource and funding on core activities and urgent needs.

3.12. The detailed breakdown attached in [Annex A](#) has been reported by Business Manager's budget and not by Service Area. This makes reporting subsequent drafts of the numbers quicker and more efficient and relates them back to meetings that members are having with Officers on those budget.
