To whom it may concern,

We are currently trading Sunday to Thursday within 6.30 pm to 12:00 am , Friday and Saturday within 6.30 pm to 03:00 am at Market Place Chipping Norton, as kebab takeaway. We would like to change our start hour to 5 pm due to following reasons;

* many of our customers are willing to buy their takeaway food in much earlier hours, some cases on the way home from work. Simply our opening time does not work for people who eats their dinner in early evening hours. So we loose business

*most of other food businesses around us open much earlier than us which gives them competitive advantage.

* it will give us more time for preparation and cleaning which will clearly be benefit of customers as well as our business.

Therefore, we would require you to consider changing our business working ours start from 5pm everyday.

Please do not hesitate to contact us if you need any further information.

Kind Regards

Hasan Basri Salik
