Alan Divall addressed the Committee on behalf of the Agent for the application.

The addresses to the Committee raised the following clarification points:

- Housing numbers within the local area;
- Previous use of the development site.

The Principal Planner continued with their presentation, which clarified the following points:

- Effective drainage of excess surface water;
- Heightened and historic flooding risks associated with the development site and the local area;
- Lack of objections submitted by the Local Lead Flood Authority;
- Insufficient capacity of sewage treatment works within the local area;
- Lack of guaranteed access to fresh water provision.

Specific reference was made by the Committee to the application's heightened disregard to the water springs surrounding Ascott-under-Wychwood, and that the application did not comply with WODC Local Plan policies OS2, OS3, H2, EH7 EH8 and BC1.

Committee **Resolved** to:

- I. Refuse the application, in line with officer recommendations, with specific reference made to the disregard of Policies OS2, OS3, H2, EH7 EH8 and BC1.

**REASON:** The proposed development would fail to adequately manage flood risk resulting from the many springs surrounding the village and existing poor surface water drainage resulting in an increased risk of flooding, in conflict with Policies OS2, OS3, H2, EH7, EH8 and BC1 of the adopted West Oxfordshire Local Plan 2031 and the relevant paragraphs of the NPPF.
