<p>Report Number</p>	<p>Agenda Item No. 12</p>
<p>Subject</p>	<p>Service Performance Report 2021-22 Quarter Four</p>
<p>Wards affected</p>	<p>All</p>
<p>Accountable member</p>	<p>All relevant Cabinet Members</p>
<p>Accountable officer</p>	<p>Giles Hughes, Chief Executive Tel: (01993) 861658 Email: giles.hughes@westoxon.gov.uk Elizabeth Griffiths, Deputy Chief Executive & Chief Finance Officer Tel: (01993) 861188 Email: elizabeth.griffiths@westoxon.gov.uk</p>
<p>Summary/Purpose</p>	<p>This report provides details of the Council's progress towards delivering the priorities in the Council Plan during 2021/22 and operational performance at the end of 2021-22 Quarter Four (Q4)</p>
<p>Annexes</p>	<p>Annex A – Annual Statement of the Council Plan 2020-24 Annex B – Service Dashboards</p>
<p>Recommendation</p>	<p>That the Annual Statement of the Council Plan and 2021/22 Q4 service performance be noted</p>
<p>Corporate priorities</p>	<p>Climate Action: Leading the way in protecting and enhancing the environment by taking action locally on climate change and biodiversity Healthy Towns and Villages: Facilitating healthy lifestyles and better wellbeing for everyone A Vibrant District Economy: Securing future economic success through supporting existing local businesses and attracting new businesses to deliver the economic ambitions of the Local Industrial Strategy Strong Local Communities: Supporting and building prosperous and inclusive local communities Meeting the Housing Needs of our Changing Population: Securing the provision of market and affordable housing of a high quality for a wide range of householders making their home in West Oxfordshire</p>
<p>Key Decision</p>	<p>No</p>
<p>Exempt</p>	<p>No</p>

I. BACKGROUND

- I.1. The Council monitors service performance each quarter and a report on progress towards achieving the aim and priorities set out in the Corporate Plan is produced at the end of Q2 and Q4.
- I.2. Performance in those service areas relating to the work of this Committee is provided in this report.
- I.3. A high level Commissioning Framework was approved by Cabinet in October 2020 which sets out the relationship between Publica and the Council and their respective responsibilities. Publica must ensure that it provides the necessary information, including a range of performance indicators, to the Council so it can assess whether the commissioned services are being delivered in accordance with the agreed quality and standard. The Council's Chief Executive is responsible for reviewing and approving the information provided in this report prior to its publication.
- I.4. The Council's Chief Executive has received a report on service performance and has assessed it in line with the high level Commissioning Statement. Particular attention has been drawn to the following:
 - i. Following the surge in the Omicron variant in November 2021, the government announced the move back to Plan A on the 19 January 2022; and staff were no longer being asked to work from home and face masks were no longer mandatory. On 24 February 2022, the government confirmed the ending of domestic legal restrictions for Covid-19 including the legal requirement to self-isolate. Staff were reminded to be cautious and retain the good habits learned over the last 20-24 months, especially as infection rates were high.
 - ii. The rising energy prices and higher cost of living is affecting householders, in particular those on low incomes. The Council has started to administer the £150 council tax rebate for homeowners in bands A-D, and those more vulnerable residents in Council Tax bands E to H.
 - iii. The Council's business rates collection figure (in year) continues to be affected by the cumulative impact of Covid-19 on businesses. The Government supported certain businesses with extended retail relief during the year, and the Council recently received £2.27m of Covid Additional Relief Fund (CARF) to be distributed to those businesses that are not eligible for the extended retail relief but have been affected by Covid-19. In addition, the Council administered 1252 Omicron mandatory grants to businesses (mainly leisure and hospitality) totalling £1,325,051 during Q4.
 - iv. In addition to supporting the Syrian and Afghan Resettlement programmes, the Council is standing with Ukraine. A special email address has been set up as dedicated point of contact to help deal with the volume of enquiries. The Council is supporting the 'Homes for Ukraine' scheme in which people in the UK will be able to sponsor/host a Ukrainian individual or family. The Council is working with the County Council to ensure that sponsoring households' properties are inspected and the necessary safeguarding checks are completed; and together with Asylum Welcome, they are providing support for sponsors and guests. Currently, 87 sponsors have been registered in the District.
 - v. One hundred and fifty-six affordable homes reached practical completion in Q4, totalling 378 for the year, well ahead of the target of 274. The success of the Oxfordshire Growth Deal schemes is becoming apparent with 80 homes completed in

Q4 on the Housing 21 affordable extra care scheme at Chipping Norton, and two Cottsway schemes in Carterton and Bampton that have been funded by Growth Deal are expected in the next quarter providing homes at social rent. An additional 17 homes were completed at Cottsway's site at Upavon Way, Carterton, which is part of a larger all-affordable site that is due in Q1 2022/23.

- vi. The Planning team returned to full capacity in Q4 including the two additional posts that the Council approved in August 2021, and is having a positive impact on planning determination times and caseloads.

2. COUNCIL PRIORITIES

2.1. A comprehensive update of progress towards delivery of the Council Plan 2020-24 and Covid-19 Recovery Plan during 2021-22 can be found at **Annex A**. Some of the highlights are presented below:

- The Council's [broadband rollout project with Gigaclear](#) was formally completed in December 2021. WODC and HM Government each invested £1.6m in the project, contracting Gigaclear to connect 4,788 of the most rural premises in West Oxfordshire with Fibre to the Premises broadband. The Council's investment levered a further £6.7m funding from Gigaclear to extend the network resulting in access of a total of over 12,000 properties in the District to ultra-fast broadband as a result of the project.
- The Council successfully bid to Homes England for a 3 year Housing Development and Community Facilitator to enable housing delivery of Salt Cross Garden Village. The post holder is focussing on projects developing community led housing and self-build housing at the Garden Village.
- The Council successfully bid to the government's PropTech fund for £125k to develop a new digital engagement platform that makes readily available information on community infrastructure and developer contributions that exist (or can be created) into a single, accessible and visually engaging repository.
- Four thousand responses have been received from young people across the District to a survey that will inform the West Oxfordshire Youth Needs Assessment. This will inform a comprehensive understanding of the priorities of young people in order to ensure that future services and infrastructure provision meets their needs and that the significant impact on young people in terms of their education, employment options, development opportunities and social skills can be mitigated against.
- Five-year Biodiversity Land Management Plans for twelve Council-owned natural green spaces have been developed, consulted on and subsequently embedded within Ubico's contract renewal 2022 as cost-neutral changes.
- Working in partnership with Cottsway Housing and benefitting from Growth Deal Funding, the Council has worked to enable redevelopment of 49 units for affordable social rent which were no longer fit for purpose at two sites: 18 units at Lavender Place, Bampton and 31 units at Blenheim Court, Carterton.
- An award of £78k from the government's 'Brownfield Land Release Fund' has been made to the Council which will unlock a Council owned site in Chipping Norton for eight affordable net-zero carbon custom built homes. A planning application is forthcoming for the homes and associated sustainable amenities including e-vehicle club with car charging points.

3. SERVICE PERFORMANCE

3.1. The service dashboards that are relevant to the work of this Committee are attached at **Annex B**.

3.2. Overall, planning performance has started to improve. The percentage of applications determined within eight weeks or an agreed timescale achieved its target in March 2022. High workloads in line with the national trend combined with a number of vacant posts had resulted in a lower level of performance. The team has now reached full capacity with all vacant posts filled including two additional posts, which is having a positive impact on officer caseloads, but also reflects the build up of a small backlog of applications awaiting registration/validation. The validation team has already delivered good improvements in the time from receipt to validation, with further improvements expected when the new planning checklist and guidance to applicants to improve the quality of applications submitted, is implemented. Other plans include implementing the next phase of the Enterprise software to improve case management, as well as exploring how customer contact can be improved using customer services 'champions' embedded within the planning service who can also support case officers.
