<p>Summary/Purpose</p>	<p>This report provides details of the Council's operational performance at the end of 2022-23 Quarter Two (Q2)</p>
<p>Annexes</p>	<p>Annex A – Service Dashboards</p>
<p>Recommendation</p>	<p>That the 2022/23 Q2 service performance be noted</p>
<p>Corporate priorities</p>	<p>Climate Action: Leading the way in protecting and enhancing the environment by taking action locally on climate change and biodiversity Healthy Towns and Villages: Facilitating healthy lifestyles and better wellbeing for everyone A Vibrant District Economy: Securing future economic success through supporting existing local businesses and attracting new businesses to deliver the economic ambitions of the Local Industrial Strategy Strong Local Communities: Supporting and building prosperous and inclusive local communities Meeting the Housing Needs of our Changing Population: Securing the provision of market and affordable housing of a high quality for a wide range of householders making their home in West Oxfordshire Modern Council Services and Sustainable Finance: Delivering excellent modern services whilst ensuring the financial sustainability of the Council</p>
<p>Key Decision</p>	<p>No</p>
<p>Exempt</p>	<p>No</p>

## I. BACKGROUND

- I.1. The Council monitors service performance each quarter and a report on progress towards achieving the aim and priorities set out in the Corporate Plan is produced at the end of Q2 and Q4. On 13 July 2022, Cabinet agreed to revise the Council Plan and develop an Action Plan that will set out how the priorities in the Council Plan will be delivered. Following consultation with stakeholders, a final draft will be presented to Cabinet on 11 January 2023 before adoption at Full Council on 18 January 2023.
- I.2. A high level Commissioning Framework was approved by Cabinet in October 2020 which sets out the relationship between Publica and the Council and their respective responsibilities. Publica must ensure that it provides the necessary information, including a range of performance indicators, to the Council so it can assess whether the commissioned services are being delivered in accordance with the agreed quality and standard. The Council's Chief Executive is responsible for reviewing and approving the information provided in this report prior to its publication.
- I.3. The Council's Chief Executive has received a report on service performance and has assessed it in line with the high level Commissioning Statement. Particular attention has been drawn to the following:
  - i. The rising energy prices and higher cost of living is affecting householders, in particular those on low incomes. At the end of Q2, the Council Tax collection rate was similar to previous levels (except 2020-21) but could be impacted as we move through the year. The Council has completed the roll out of the mandatory £150 Council Tax rebate, and the window for applying for the discretionary scheme closed on 2 October 2022. The discretionary scheme is aimed at those who need help most, including people on benefits, people living in shared accommodation and people on a low income that were not eligible for the mandatory scheme. At the end of September 2022, the Council had paid out £4,720,800 to 31,472 households. Looking further ahead, the Council has reviewed and consulted on the Council Tax Support scheme for the next financial year so that more households can be helped to pay their council tax. The proposals were presented to Cabinet in November 2022, and approved for recommendation to Council;
  - ii. The Business Rates collection rate has improved on the previous two years but has not returned to pre-Covid levels. The collection rate was depressed over the previous two years due to the impact of Covid-19. The Government is continuing to support certain businesses with extended retail relief of 50% during this financial year. As part of the Covid Additional Relief Fund (CARF), the Council distributed a total of £1,720,503 to 834 businesses that were not eligible for the extended retail relief but have been affected by Covid-19. These businesses have had their accounts credited which will help to reduce the debt owed
  - iii. In addition to supporting the Syrian and Afghan Resettlement programmes, the Council is supporting the 'Homes for Ukraine' scheme in which people in the UK are sponsoring/hosting a Ukrainian individual or family. At 30 September 2022 there were 164 sponsor properties registered. The number of new sponsors and guests signing up for the Homes for Ukraine scheme remains relatively low. However, the need to re-match guests to new sponsors continues to rise as relationships break down or the sponsor does not wish to continue in the Homes for Ukraine scheme after six months. A dedicated Ukraine

Housing Support Officer has been recruited and started in October to help with the re-matching, emergency accommodation and move-on advice.

- iv. Affordable housing completions are ahead of the year to date target. The 63 affordable homes completed during the quarter included the completion of Blenheim Court, Carterton scheme that received Growth Deal funding and will offer residents homes at social rent. We understand that developers are still facing challenges in the procurement and supply chain, however there have been no reported adverse effects on the programmed delivery of affordable housing.

## **2. COUNCIL PRIORITIES**

- 2.1. Cabinet agreed on 13 July 2022 to revise the Council Plan and develop an Action Plan that will set out how the priorities in the Council Plan will be delivered. Following on from the Your Voice Counts consultation which comprised a consultation using the CommonPlace digital platform (running from 24 August to 20 October 2022), a Summit for Town and Parish Councils and Parish Meetings and a Stakeholder Event, five strategic priorities have been identified which will form the emerging West Oxfordshire Council Plan 2023 – 2027:
  - Putting Residents First
  - A Good Quality of Life for All
  - A Better Environment for People and Wildlife
  - Responding to the Climate and Ecological Emergency
  - Working Together for West Oxfordshire
- 2.2. The emerging West Oxfordshire Council Plan 2023 – 27 is due to be received by the three Council Scrutiny Committees on 24 November 2022, 7 and 8 December 2022. A final draft will be presented to Cabinet on 11 January 2023 before adoption at Full Council on 18 January 2023.

## **3. SERVICE PERFORMANCE SUMMARY**

- 3.1. Overall, performance at the end of Q2 appears mixed. The improvements in benefits performance have been maintained, and the council tax collection rate is where we would expect it to be. Business rates collection rate has improved compared to the previous year but is not back to pre-Covid levels. A shortage of staff in customer services and the waste crew has affected some areas of service delivery such as longer average wait times and missed bins.
- 3.2. During 2021-22, workloads were high in some services due to the impact of Covid-19 and a shortage of staff. As the nation emerged from the pandemic, the employment market became buoyant with increased competition for some staff in particular for qualified professional staff such as planners. The retention of staff in some services such as customer services, planning and the waste crew is expected to remain a challenge.
- 3.3. As we progress through the year, some services including revenues and benefits, and housing support are anticipating that the cost of living crisis could impact on workloads and performance. The Council has reviewed the Council Tax Support scheme in preparation for the next financial year, and the potential options for supporting more households on low income.

- 3.4. There are a number of improvement programmes in progress across services including Planning and Revenues and Benefits, and the Waste service, as well as specific actions to return performance to previous levels. Much of the work is focussed on improving the way services communicate with customers, increasing automation and self-serve options for customers, and improving the monitoring of workflows using case management tools to help services to actively manage resources.

#### Key points by service area themes

#### 3.5. Waste and environment

- Households produced 12.5% less household waste in the first six months of 2022-23 than the same period of the previous year. Since emerging from the pandemic, all household waste streams (tonnages) have fallen, although residual waste tonnages have generally not reduced as much as other waste streams. However, taking into account the increase in households in the District, residual waste per household has fallen back to pre-Covid levels.
- Between April and September 2022, the combined recycling rate was 58.21% compared to 60.4% in the previous year. The lower combined recycling rate was due primarily to a three percentage point drop in the composting rate as a result of a prolonged period of hot weather and lack of rainfall during the summer months.
- The number of missed bins per 100,000 scheduled collections has improved over the last 12 months. Performance continues to be affected by a shortage of staff caused by illness/absence and challenges securing agency staff in a buoyant employment market, and more frequent vehicle breakdowns as the vehicles move towards end of life. Although staffing returned to full capacity during Q2, the service is focussing efforts on increasing resilience as well as implementing actions to improve delivery of the service.

Resolution: A range of improvement work continues including staff restructure , the transfer of the garden waste team to the depot at Downs Road to improve service resilience, and 1-2-1 In-Cab support and training to ensure that the capabilities of the new technology are maximised.

There are plans in place to set up a recruitment pool of agency staff who are multi-skilled to both improve resilience and address any potential shortage of staff in the future and the move of the garden waste team to Downs Road will help support this mitigation.

- The Council was having difficulties with obtaining some recycling containers due to delays in the supply chain, which are outside of the Authorities control. These containers have now arrived and deliveries to new builds are being prioritised.
- Fly tips increased during lock down and 'stay at home' messages. Although there was a decline as the nation emerged from the lock down, fly tips may start to increase again as a result of the cost of living crisis and an inability or reluctance to pay for the disposal of both household and business waste.

Cabinet agreed to additional resources in the budget 2022-23 to increase enforcement activities around fly tipping and improving its response to issues raised. The new post

holder commenced in mid-September and will undertake a range of reactive and proactive work.
