The pressures on Housing services, systems and pathways remain high. The numbers of people contacting the Housing team continues to rise due to the cost of living crisis and the evolving Refugee schemes, specifically Homes for Ukraine and Afghan Resettlement. The continuing cost of living crisis has resulted in some people who would normally be staying between family and friends becoming homeless which has required greater use of hotel placements. The use of this type of placement impacts on the Council's budget as not all of the costs can be recovered by claiming Housing Benefit. The Council's owned and managed hostels are operating at capacity however the use of specialist Temporary Accommodation officers are able to offer dedicated support and bespoke solutions for helping clients move on successfully from emergency accommodation..

The Housing Team have been successful in addressing some complex issues surrounding accommodation for 4 entrenched rough sleepers during the winter months and have now brought them into longer term accommodation. Although West Oxfordshire's entrenched rough sleeping population of 6 to 7 people sleeping out at any one time has been traditionally low compared to neighbouring areas, thanks to the dedicated work of our Rough Sleeping Specialist and our county Outreach partners, West Oxfordshire is now reporting one entrenched rough sleeper. Any one new to the streets are contacted swiftly and accommodation solutions offered at the earliest opportunity. The aim is to end rough sleeping for all however, where it does unfortunately occur, this is rare and short lived.

Our three grant funded Housing Specialist Officers, including our Ukraine Specialist Officer are also working with families and to prevent homelessness wherever possible and assist families to secure their own accommodation in the private sector. The successful recruitment of a further Complex Needs specialist will complete the Team by offering bespoke and early interventions to our most vulnerable clients to further prevent homelessness from occurring.

Seventy-five affordable homes (50 affordable rent, 2 first homes and 21 shared ownership) reached practical completion in Q4.. Overall, a total of 309 for the year has been completed against a target of 274.

Proactive work continues with individual property owners to reduce the number of LTE properties in the District - During Q4, 238 properties were removed from the LTE list, but 215 were added.
