1. BACKGROUND

Internal Audit Plan

The primary role of Internal Audit is to provide assurance that the Council's systems provide for a proper administration of its affairs. To this end, Internal Audit carries out a programme of audits that is agreed annually with the Council's Management Team and the Audit and Governance Committee. The Internal Audit service is provided to the Council by SWAP Internal Audit Services (SWAP).

In order to satisfy the requirements of the Public Sector Internal Audit Standards (PSIAS) and to reflect changes within the Council, SWAP needs to focus upon areas where the organisation now requires assurance. This reinforces the requirement for Internal Audit to follow a more flexible and risk-based plan.

The core financial systems delivered to the Council by Publica are covered within the Core Financials section of the Audit Plan. The scope of audits will include both Publica and client-side activities providing;

- Assurance to the client (West Oxfordshire District Council) over the controls, and system controls, operated by Publica Officers, for each financial module
- Periodic assurance over the other services provided by Publica.
- The required support to the External Auditor.

2. MAIN POINTS

Internal Audit Plan

A summary of the Proposed Internal Audit Plan for 2024/25 is included in the Annex 'A'. This lists the risk-based assurance and consultancy work planned for the year. Counter fraud related audit work has not been included in this audit plan.

The Plan outlines a programme of work for 2024/25 as developed throughout January and February 2024 but due to the pace of change within Local Authorities, it is becoming increasingly difficult to accurately predict longer-term key organisational risks. Our approach to internal audit planning recognises this through a strategic 12 month rolling plan, whereby we have prepared an agile, risk assessed work plan containing key areas of

coverage. This approach will ensure we are auditing the right areas, with the correct scope, at the right time.

We will revisit and adjust our programme of work on at least a quarterly basis to ensure alignment with the changing risk profile of the organisation's operations, systems and controls and with regard to sector risks. The regular input of Senior Management, and the Chief Financial Officer and review of the Authority's risk register will be considered in this process.

The audit plan contains an element of contingency in order that the plan can remain flexible and respond to new and emerging risks as and when they are identified and may include unannounced activity.
