

West Oxfordshire District Council

Proposed Internal Audit Plan 2024/25

Internal Audit Planning 2024/25

The internal audit plan represents a summary of the proposed audit coverage that the internal audit team will deliver throughout the 2024/25 financial year.

Introduction and Objective of the Audit Plan

Internal audit provides an independent and objective opinion on the Authority's risk management, governance, and control environment by evaluating its effectiveness.

Prior to the start of each financial year, SWAP, in conjunction with senior management, put together a proposed plan of audit work. The objective of our planning process and subsequent plan is to put us in a position to provide a well-informed and comprehensive annual audit opinion, based on sufficient and appropriate coverage of key business objectives, associated risks, and risk management processes.

The outcomes of each of the audits in our planned programme of work, will provide senior management and Members with assurance that the current risks faced by the Authority in these areas are adequately controlled and managed.

When reviewing the proposed internal audit plan (as set out in Appendix 1), key questions to consider include:

- Are the areas selected for coverage this coming year appropriate?
- Does the internal audit plan cover the organisation's key risks as they are recognised by the Senior Management Team and Audit and Governance Committee?
- Is sufficient assurance being received within our annual plan to monitor the organisation's risk profile effectively?

Internal Audit Planning 2024/25

The proposed 2024/25 plan presented in Appendix 1 provides coverage of the Authority's key corporate objectives and risks as well as core areas of recommended coverage.

Internal audit is only one source of assurance and should be considered as such.

Update to Approach

Due to the pace of change within Local Authorities, it is becoming increasingly difficult to accurately predict longer-term key organisational risks. Our approach to internal audit planning recognises this through a strategic 12 month rolling plan, whereby we have prepared an agile, risk assessed work plan containing key areas of coverage. This approach will ensure we are auditing the right areas, with the correct scope, at the right time.

We will revisit and adjust our programme of work on at least a quarterly basis to ensure alignment with the changing risk profile of the organisation's operations, systems and controls and with regard to sector risks. The regular input of Senior Management and review of the Authority's risk register will be considered in this process. Our 2024/25 audit plan will contain an element of contingency in order that the plan can remain flexible and respond to new and emerging risks as and when they are identified and may include unannounced activity.

The proposed audit plan at Appendix 1 provides coverage of the Authority's key corporate objectives and risks, as well as our core areas of recommended audit activity.

Internal audit coverage can never be absolute and responsibility for risk management, governance and internal control arrangements will always remain fully with management. Internal audit cannot provide complete assurance over any area, and equally cannot provide any guarantee against material errors, loss or fraud.

Internal Audit Planning 2024/25

Our documented risk assessment helps to ensure that sufficient and appropriate areas are identified for consideration in our internal audit programme of work.

As above, it is the responsibility of the Authority's Senior Leadership Team, and the Audit and Governance Committee to ensure that, with consideration of our risk assessment, the overall programme of work throughout the year contains sufficient and appropriate coverage.

Internal Audit Risk Assessment (updated)

Our 2024/25 internal audit programme of work is based on a documented risk assessment, which SWAP will revisit regularly, but at least annually. The input of senior management as well as review of the Authority's risk register has been considered in this process.

Below we have set out a summary of the outcomes of the risk assessment for West Oxfordshire District Council

It should be noted that the audit titles and high-level scopes included below are only indicative at this stage for planning our resources. At the start of each audit, an initial discussion will be held to agree the specific Terms of Engagement for the piece of work, which includes the objective and scope for the review.

Core Audit Areas – Areas of Coverage and Brief Scope	Directorate
<p>Core Financials – Publica Controls and Transactional Testing <i>A review of the controls operating within Publica in respect of the Core Financial systems:</i></p> <ul style="list-style-type: none"> • <i>Accounts Payable (Creditors)</i> • <i>Accounts Receivable (Debtors)</i> • <i>Treasury Management</i> • <i>Bank Reconciliation</i> • <i>Main Accounting – Assessment of Compliance with CIPFA Financial Management Code</i> • <i>Procurement – suggested area to be agreed with BM based on highest risk to organisations</i> <ul style="list-style-type: none"> - <i>Review to ensure procurement of new contracts is in accordance with the updated, and approved, strategy</i> - <i>Assessment of Compliance with Commercial Continuous Improvement Assessment Framework</i> 	<p>Business Services</p>
